

Doomsday Clock: The Complete Collection (Doomsday Clock 2024)

In the vast tapestry of comic book lore, few events have resonated as profoundly as Doomsday Clock. A groundbreaking miniseries published by DC Comics from 2017 to 2019, Doomsday Clock shattered the boundaries of the DC Multiverse, bringing together iconic characters from the Watchmen universe with the heroes of the Justice League.

This epic saga, spanning 12 captivating issues and a special prequel one-shot, has captivated readers and critics alike with its intricate storytelling, stunning artwork, and profound themes. Now, for the first time, the complete collection of Doomsday Clock is available in a comprehensive hardcover edition, offering a tantalizing glimpse into a world where the very fabric of reality is at stake.

Synopsis

Doomsday Clock unfolds amidst the ruins of a post-apocalyptic world, where the enigmatic Ozymandias, the mastermind behind Watchmen's fateful events, has manipulated the timeline to create a universe devoid of superheroes. In this distorted reality, the United States is on the brink of nuclear war, and the Justice League is but a fragmented memory.
